## Project Website

The multilingual website of the InSIDE project has been designed and developed. The website includes information on the partnership, the project's identity, its aims, objectives, and outcomes. All the related information, produced electronic material and deliverables, and the developed electronic index or related organisations of end users are integrated and are freely available to everyone through the website. The web site has been developed by UoA and is hosted by UOM. It will be maintained and updated for 3 years after the project end.

The URL of the site is: **<https://www.inside-project.org>**

It utilises Search Engine Optimisation techniques and it integrates professional social networking tools (Linkedin, Facebook, and Twitter) to increase its traffic and attract more visitors.

The website static content has been translated in partner languages: English, Greek, French, and German.

It includes information about the project's identity, aims and objectives and its content is updated continuously and enriched gradually along with the findings and all deliverables, uploaded in electronic form, freely available to everyone for downloading.

It includes the electronic index of end-users organizations all over Europe and South Mediterranean (Region 3) Partner countries, while visitors are be able to register themselves in order to receive newsletters and RSS feeds.

The following pages present the home page of the website in the four languages. Next, we present some indicative webpages in the English version.

**InSIDE (Including Students with Impairments in Distance Education)** is a Capacity Building in Higher Education (Erasmus+) project that aims at developing accessible, inclusive and educationally effective Distance Education (DE) programmes for individuals with Visual, Hearing and Mobility (ViHeMo) impairments through a user-centred design. DE programmes will be structured on 3 axes: a) educational material, b) DE delivery system, and c) educational effectiveness / pedagogical approaches. Eleven universities from Maghreb – 4 from Morocco, 4 from Algeria and 3 from Tunisia – will be trained by **University of Macedonia** (leading institution – Greece), **National and Kapodistrian University of Athens** (Greece) and **Johannes Kepler University** (Austria), and will implement the DE programmes at hand. These programmes will deliver key competences for vocational rehabilitation, and will provide opportunities for lifelong learning, skills enhancement, and personal fulfillment with the ultimate aim of suggesting an intelligent solution against the problems of limited access or high percentage of dropouts in Higher Education in individuals with impairments.

## Accueil

**InSIDE (Including Student with Impairments in Distance Education) – Inclusion des Etudiants en situation de Handicap dans l'Éducation à distance** est un projet sur le renforcement des capacités dans l'enseignement supérieur (Erasmus +) qui vise à développer des programmes d'Enseignement à Distance accessibles, inclusifs et efficaces sur le plan éducatif pour les personnes ayant des déficiences visuelles, auditives et de mobilité (ViHeMo) avec une conception centrée sur l'utilisateur. Les actions de ce projet seront structurées selon 3 volets: a) Equipements pédagogiques, b) Système de diffusion (Éducation à distance), c) Efficacité et approches pédagogiques. Onze universités du Maghreb (4 du Maroc, 4 d'Algérie et 3 de la Tunisie) bénéficieront de l'expérience des universités Européennes en la matière: **l'Université de Macédoine** (Grèce), **l'Université nationale et Kapodistrienne d'Athènes** (Grèce) et **l'Université Johannes Kepler** (Autriche). Il s'agit de mettre en œuvre des programmes d'Éducation à Distance (ED) pour dispenser des cours universitaires. Ces programmes fourniront des compétences clés pour la réadaptation professionnelle et offriront des possibilités d'apprentissage tout au long de la vie, d'amélioration des compétences et d'épanouissement personnel, dans le but ultime de proposer des solutions intelligentes aux problèmes liés à l'accès limité et de faire face à l'abandon des étudiants en situation de handicap en enseignement supérieur.

Το **InSIDE: Συμπερίληψη Φοιτητών με Αναπηρία στην εξ Αποστάσεως Εκπαίδευση (Including Student with Impairments in Distance Education)** αποτελεί έργο Ανάπτυξης Ικανοτήτων στον Τομέα της Ανώτατης Εκπαίδευσης του προγράμματος Erasmus+ και στοχεύει στην ανάπτυξη προσβάσιμων και εκπαιδευτικά αποτελεσματικών προγραμμάτων συμπερίληψης στην εξ Αποστάσεως Εκπαίδευση για άτομα με Οπτική, Ακουστική και Κινητική Αναπηρία. Τα εν λόγω προγράμματα θα σχεδιαστούν στη βάση της χρηστοκεντρικής προσέγγισης και θα δομηθούν ως προς 3 άξονες: α) εκπαιδευτικό υλικό, β) διαδικτυακή πλατφόρμα παροχής εξ Αποστάσεως Εκπαίδευσης, και γ) εκπαιδευτική αποτελεσματικότητα / παιδαγωγικές προσεγγίσεις. Έντεκα πανεπιστήμια από το Μαγκρέμπ – 4 από το Μαρόκο, 4 από την Αλγερία και 3 από την Τυνησία – θα λάβουν κατάρτιση από το Πανεπιστήμιο Μακεδονίας (επικεφαλής οργανισμός), το Εθνικό και Καποδιστριακό Πανεπιστήμιο Αθηνών και το Johannes Kepler University (Αυστρία), και θα εφαρμόσουν στην πράξη προγράμματα εξ Αποστάσεως Εκπαίδευσης. Τα προγράμματα αυτά θα προσφέρουν βασικές ικανότητες επαγγελματικής αποκατάστασης, και θα παρέχουν ευκαιρίες στη δια βίου μάθηση, ενίσχυση των δεξιοτήτων, και δυνατότητες αυτοπραγμάτωσης. Ανώτερος σκοπός είναι να υποδείξουν μια έξυπνη λύση έναντι των φαινομένων περιορισμένης προσβασιμότητας και υψηλού ποσοστού διακοπής της φοίτησης στην Ανώτατη Εκπαίδευση για τα άτομα με αναπηρία.

## Startseite

**InSIDE (Including Student with Impairments in Distance Education)** – Inklusion von Studierenden mit Behinderungen in Distance Education – DE) ist ein Projekt aus der Schiene "Capacity Building in Higher Education" der EU Initiative Erasmus+, das es sich zum Ziel gesetzt hat, mittels eines User Centred Design Ansatzes barrierefreie, inklusive und effiziente Distance Education (DE) Programme für Personen mit Seh-, Hör- und Mobilitätsbehinderungen zu entwerfen. Das DE Programm wird dabei über 3 Achsen umgesetzt: a) Lehr- und Lernmaterialien, b) das zur Verteilung benutzte System und c) pädagogische Ansätze und Effizienz der Lehre. Elf Universitäten des Maghreb (4 aus Marokko, 4 aus Algerien und 3 aus Tunesien) werden dabei von der **University of Macedonia** (Koordinator – Griechenland), der **National and Kapodistrian University of Athens** (Griechenland) und der **Johannes Kepler Universität Linz** (Österreich) unterstützt und die erstellten Lehr- und Lernprogramme vor Ort umsetzen. Ziel dieses Programms ist es, Schlüsselqualifikationen zur beruflichen Rehabilitation und für lebenslanges Lernen zu übermitteln, Fähigkeiten zu stärken, die persönliche Entwicklung anzustossen und eine intelligente Lösung zur Hand zu geben, die verhindert, dass Menschen mit Behinderungen – etwa aufgrund mangelnden Zugangs – vorzeitig aus höherer Bildung ausscheiden.

## Data protection

### Information about the collection of personal data

The operators of these pages take the protection of your personal data very seriously.

**Personal data** is all data that is personally available to you, e.g. name, address, e-mail addresses and user behavior (information relating to an identifiable natural person (Article 4 (1) of the EU General Data Protection Regulation (EU-GDPR)).

**Responsible** acc. Art. 4 par. 7 EU-GDPR is the Project Coordinator Asst. Prof. Eleni Koustriava, University of Macedonia, 156 Egnatia str., GR-54006 Thessaloniki, Greece, elkous@uom.edu.gr.

When you **contact** us by e-mail or through a contact form, the information you provide (your e-mail address, your name and telephone number if applicable) will be stored by us to answer your questions. We delete the data that arises in this context after the storage is no longer required, or limit the processing if there are statutory retention requirements.

We point out that the **data transmission in the Internet** (e.g. in the communication by E-Mail) can exhibit security gaps. A complete protection of the data from access by third parties is not possible.

### Collection of personal data

In the case of merely **informative use** of the website, i.e. if you do not register or otherwise provide us with information, we will only collect the personal data that your browser transmits to our server according to the settings you made (Server Log Files). In order to view our website, we collect the data that is technically necessary for this purpose and to ensure stability and security in accordance with Art. 6 par. 1 sentence 1 of EU-GDPR:

- Anonymized IP address
- Date and time of the request
- Time Zone Difference to Greenwich Mean Time (GMT)
- Content of the requirement (concrete page)
- Access Status / HTTP status code
- each transmitted amount of data
- Website from which the request comes
- browser

These data cannot be assigned to specific persons. There is no merge of this data with other data sources. We reserve the right to check this data retrospectively, if we become aware of specific indications for illegal use.

### Contact / registration form

If you contact us by form, such as maintaining press releases or our newsletter **inquiries** send your information from the form, including your specified there contact details for the purpose of processing the request and in the case of follow-up questions with us are **stored**. We will not share this information without your consent. We use the so-called **double-opt-in procedure** for registration, i.e. your registration is only completed if you have previously confirmed your registration via a confirmation e-mail sent to you for this purpose by clicking on the link contained therein. If your confirmation is not received within 48 hours, your registration will be automatically deleted from our database.

### SSL encryption

This site uses **SSL encryption** for security reasons and to protect the transmission of sensitive content, such as the requests you send to us as the site operator. An encrypted connection is indicated by the browser's address bar changing from "http: //" to "https: //" and the lock icon in your browser bar.

When SSL encryption is enabled, the data you submit to us may not be read by third parties.

### Your rights

(1) You have the following rights with respect to the personal data concerning you:

- Right to information,
- Right to rectification or cancellation,
- Right to restriction of processing,
- Right to object to the processing,
- Right to data portability.

(2) You also have the right to complain to us about the processing of your personal data by a data protection supervisory authority.

(3) In the case of manifestly unfounded or excessive requests, we may charge a reasonable fee. Otherwise the information will be provided free of charge (Art. 12 (5) EU-GDPR).

(4) In case of reasonable doubt as to the identity of the person asserting the above rights, we may request additional information necessary to confirm the identity (Article 12 (6) EU-GDPR).

### Cookies

In addition to the aforementioned data, cookies are stored on your computer when using our website. Cookies are small text files that are stored by the browser you use and that give us (the server of our website) certain information. Cookies cannot run programs or transmit viruses to your computer. They serve to make the Internet offer more user-friendly and effective overall, above all faster. There are session cookies (transient cookies) and persistent cookies (persistent).

Transient cookies are automatically deleted when you close the browser. These include, in particular, the session cookies. These store a so-called session ID, with which various requests from your browser can be assigned to the common session. This will allow your computer to be recognized when you return to our website. The session cookies are deleted when you log out or close the browser.

We only use session cookies. Persistent cookies or Flash cookies are not used by us.

You can set your browser so that you are informed about the setting of cookies and cookies only in individual cases allow, the acceptance of cookies for certain cases or generally exclude and activate the automatic deletion of cookies when closing the browser. Disabling cookies may limit the functionality of this website.
